Summary: I have never been noticed Shadewing always thought until she came up with a crafty idea. One to change her life.

Notice me

I'm sick of it! It's like I'm invisible not even my mate cares about my 5 moon unnamed kit.

The she-cat got out the nursery only to see her brother Whitefang be fussed over by his loving mate. _WHY! I almost killed myself saving my mentor from a badger and I was scolded for not getting help_.

"Mama!" she heard her kit cry. Annoyed I replied "Yes sweetie."

"I heard cats talk about me having no name" she sighed.

A shadow of a maple leaf loomed over the tiny kit. _That's it! If I make my kit's name Maplekit, cats will think she will be like Mapleshade and maybe cats will notice me and respect me!_

"Well don't worry about themâ€¦ I just wanted to see you grow a bit before I picked your name" she lied. "Now I think Maplekit suits you!" She pulled a fake smile.

"Maplekit!" Maplekit meowed jumping around.

"Now run along! And have fun" she said.

"I will!" Maplekit yelled half way to the elders den.

Now I must make a way for the clan to think she is a new Mapleshade. The Maple tree! That's it if I can make her stand under the shade it could look like a prophecy!

"Maplekit!" she called.

"Yes mom!"

She saw the medicine cat walk past.

_Perfect. _

"Look at the maple tree!" she called.

Maplekit went under the shadow of the tree.

She looked behind her as she saw the kit under the shade.

"Mapleshade. Has she returned?" the medicine cat gasped going straight to the leader's den.

My plan is in place!

Hope you liked it! Names for the leader, medicine cat and Whitefang's mate are open!
